

15 years ago, Mark Zuckerberg, invited 5 people to his Harvard room.

Reason? To talk about a business opportunity. Only 2 went to meet him and listened to him and accepted the challenge!

Today, both are BILLIONAIRES! Dustin Moskovitz with over \$6.5 billion and Eduardo Saverin with over \$3.4 billion.

When a friend tells you about a business opportunity, listen and open your mind. Come on, you'll never know!
